Installation

Installation Guide for Testimonials :

1. Download the .zip file.
2. Log into Magento Server (or switch to) as a user, who has permissions to write to the Magento file system.
3. Create folder structure app/code/OM/Testimonial
Where “**modulename**” will be “**Testimonial**”.
4. Extract the contents of the .ZIP file to the folder you just created.
5. Navigate to your store root folder in the SSH console of your server:

-> Run:

```
cd<your Magento install dir>
```

-> Then:

```
php bin/magento module:enable OM_Testimonial
```

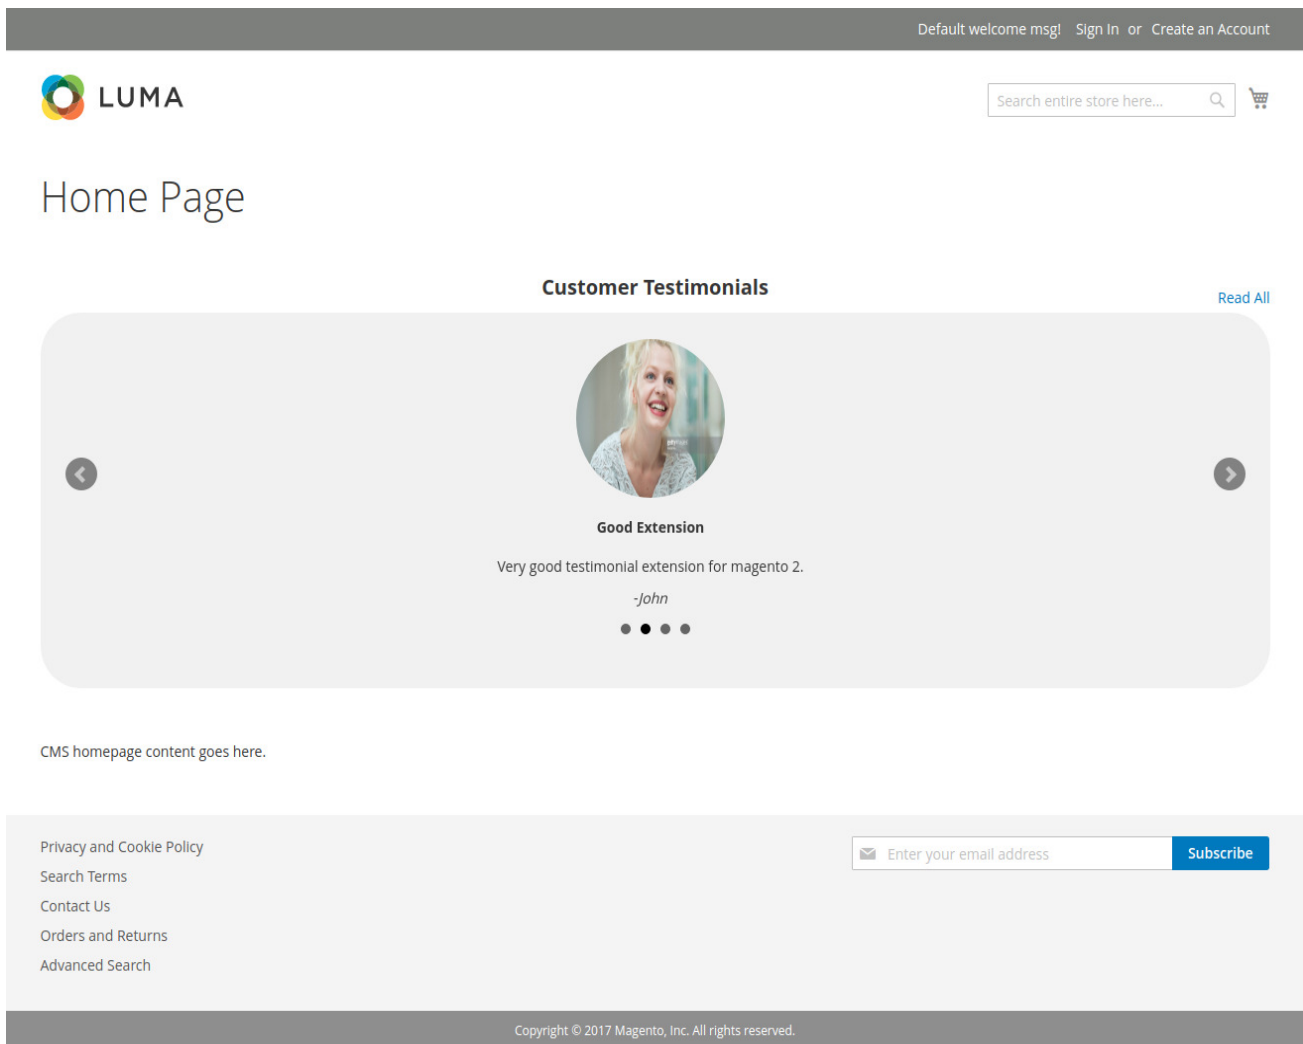

```
php bin/magento setup:upgrade
```

```
php bin/magento setup:static-content:deploy
```

6. Go to System->Cache Management page on your magento backend and click the Flush Magento Cache button.
7. Logout admin and login again.

How To Use

In frontend (Home Page) , Customers can see the testimonials within slider with customer image, customer name, testimonial content.

Content Writing : 5-Star Hotels

I'd say that the team are excellent and it is some of the best service I have received both online and offline in a long time.

-Test

Content Writing : 6-Star Hotels

If you would like a professional experience from an excellent content writing team then I would look no further.
